CREW LIST

1

CAPTAIN: VITTORIO RADNIC

Vittorio was born in Croatia, but at an early age, 17 moved to Baltimore “USA” in high school where he studied and practiced gymnastic. After high school, he received a scholarship for gymnastics and education at the universities of miami. His summer holidays would mainly be spent in Croatia and undoubtedly around boats, from where his adoration of the sea was born, because his family was fisherman. After finishing a degree in hotel management food and beverage, Vittorio began his career as a successful F&B manager in Miami on cruise ships. Over the years vittorio realized that there was more to life than just staring at screens with restaurants and hotels going up and down! In his late twenties he decided to radically refocus his efforts and started a work in successful motor yacht charter company in Croatia, bringing him back to his roots and closer to his real passion, the sea! Several years he worked for the government, over one strong political parties as a bodyguard of prime ministershis life long dream of being at sea finally came true when he took the decision to focus on captaining. Vittorio is a true polyglot and chameleon, having lived and travelled all over the world, speaking four languages fluently, he can blend into any situation. His extensive career in different industries ensures that he can really relate to clients from all warps of life. Very charismatic and cheerful, nothing is too difficult for Vittorio. His 15 years of experience in the yachting industry will always ensure that clients have a safe and enjoyable cruise, whilst seeing some truly amazing destinations.

2

CHEF: DRAŽEN PUĐA

Dražen was born in Zenica, he is passionate chef for almost fifteen years. Started doing his little miracles on plates since he was seventeen year old. After hotel's and restaurant's he mooved to the yacht's. Except his love of every kitchen corner on earth. Dražen is always willing to learn something new, also his virtue is positive attitude always smiling and willing to satisfit with his food every single guest wishes.

3

ENGINEER/DECKHAND: IVAN RADNIC

Ivan was born in Split, Croatia. As a young boy he often spent time with his grandfather on his fishing boat. His passion for the water began with dinghy sailing. He then had the opportunity to join a yacht racing team on the Adriatic Sea. He decided to refocus his career towards the yachting industry, a logical step forward considering there were 3 marinas. Ivan then began teaching junior members of team racing skills once he had gained the qualifications required. He joined the industry in 2013 and is looking to continue working hard and training to work up the ranks.

4
